Extension of out of school activities

Support for pupils to attend residential visits

Learning resources - ICT

Measuring the impact of PPG spending

Speech and language programmes are being delivered more efficiently and this is particularly reflected in parental satisfaction and with annual review targets.

Families are being enabled to cope without the input of outside agencies and are creating their own consequent resilience.

Children, particularly with ASD, are able to have their needs met within our school organisation (soft data can evidence this).

Residential and other visits have improved the self-esteem and enriched our pupils' views of the world and themselves.
